has satisfied the requirements for accreditation under the Aircraft Fleet Recycling Association's Best Management Practices:

✓ **DEMOLITION**

of an Asset, (i.e. Aircraft, Aerospace materials, and/or components) as a means to destroy, smash, flatten, or demolish so as to render totally useless from its former state.

✓ **RECYCLING**

of an Asset, (i.e. Aircraft, Aerospace materials, and/or components) as a means to means facilitate activities in which material is processed into specification- grade commodities, and consumed as raw-material feedstock, in lieu of virgin materials, in the manufacture of new products. The series of activities that make up recycling include the collection, processing and subsequent consumption of industrial, end of life and obsolete scrap, as well as the process of transforming used products, whole or in part, into reusable commodities.
